

# PRATYAY BANERJEE

Kolkata, West Bengal, India | +91 8334956021 | pratyaybanerjee2003@gmail.com  
LinkedIn: linkedin.com/in/pratyay-banerjee-7b6b38292 | GitHub: github.com/Dynamo-09

## PROFESSIONAL SUMMARY

Computer Science graduate and M.S. candidate at IIT Patna specializing in Data Analytics, Full-Stack Development, and Applied Machine Learning. Skilled in designing scalable RESTful backend services, optimizing complex database systems, and building high-impact analytical dashboards. Proven ability to translate business requirements into technical architectures across enterprise IT and product engineering environments.

## TECHNICAL SKILLS

- **CS Fundamentals:** Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), DBMS, System Design, REST APIs
- **Languages & Cloud:** Python (Pandas, NumPy, Matplotlib), SQL (MySQL, Snowflake), TypeScript, JavaScript, HTML5/CSS3, AWS
- **Frameworks & Web Tech:** React.js, Node.js, FastAPI, Tailwind CSS, TensorFlow, Scikit-Learn
- **Analytics & Visualization:** Power BI, Tableau, Business Intelligence, Data Pipeline Automation, Data Cleaning
- **Developer & AI Tools:** Git, GitHub, Docker (Basics), Cursor, Claude, Figma, Postman, Julius.AI

## WORK EXPERIENCE

### Data Analyst Intern / Vodafone Idea Limited

Sep 2025 – Oct 2025 | Kolkata, India

- Automated enterprise reporting workflows using Python (Pandas/NumPy) and Power BI, reducing data transformation cycle times by 25%.
- Architected interactive cross-functional executive dashboards to evaluate key telecom performance indicators and streamline decision-making.
- Cleaned and structured unstructured network telemetry data to identify trends and improve data reliability across visual reports.

### SQL Developer Intern / Vaishnav Technologies

Feb 2025 – Apr 2025 | Remote

- Optimized complex multi-table MySQL queries, indexes, and relational schemas, driving a ~35% improvement in data retrieval speed.
- Developed automated SQL reporting modules and database views to support business analytics and backend operations.
- Collaborated with engineering teams to conduct database debugging, schema validations, and query execution plan analyses.

## EDUCATION

### Master of Science (M.S.) in Computer Science and Data Analytics

2026 – 2028 (Pursuing)

Indian Institute of Technology (IIT) Patna

### Bachelor of Technology (B.Tech.) in Computer Science and Engineering

2022 – 2026

University of Engineering and Management

CGPA: 8.15 / 10.0

## PROJECTS

### Aura.AI – Full-Stack AI Stock Analytics Platform

React, TypeScript, Node.js, FastAPI, TensorFlow

- Engineered a full-stack, broker-free financial analytics engine delivering AI-driven trend forecasting for retail market users.
- Integrated FastAPI microservices and TensorFlow models with Yahoo Finance API to process real-time market data with sub-second response times.

### Graphicsporium Platform (graphicsporium.com)

React, TypeScript, Tailwind CSS, Node.js

- Designed and deployed a production web portal for a creative agency, implementing responsive component architecture in React and Tailwind.
- Achieved sub-2-second initial page load times and optimized client-side routing to maximize cross-device user engagement.

### Women Safety App (SAFE CIRCLE)

Python, Power BI, Tableau, Machine Learning

- Built an AI-assisted safety application utilizing location-based risk assessment logic to support user decision-making during critical events.
- Synthesized spatial and demographic datasets into dynamic Power BI and Tableau risk heatmaps to evaluate regional safety trends.

### Airbnb & Netflix Exploratory Data Pipelines

Python, Pandas, Matplotlib, Data Analytics

- Executed end-to-end exploratory data analysis on 10,000+ unstructured records to uncover market pricing trends, review distributions, and catalog expansion dynamics.

## CERTIFICATIONS

- **Google Advanced Data Analytics Professional Certificate** – Coursera (Jan 2025 – Mar 2025)
- **AWS Cloud Computing Certification** – Coursera (May 2025)

## ADDITIONAL INFORMATION

- **Languages:** English (Proficient), Hindi (Fluent), Bengali (Native)
- **Core Competencies:** System Optimization, Problem Solving, Cross-Functional Leadership, Agile Workflow
